

# Privacy Notice – Parents and Carers

## (How we use pupil, parent and carer information)

The schools within Uffculme Academy Trust need to collect, store and process data on pupils, parents and carers in order to be able to safeguard pupils and keep parents informed about pupils' safety, welfare and progress. The data is also used to keep parents updated on whole school events, progress and activities. Only essential data is held and there are clear processes in place that govern how we collect, use, store and share the data.

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data.

This privacy notice explains how we collect, store and use your personal data and that of your child.

We, Uffculme Academy Trust, are the 'data controller' for the purposes of data protection law.

Our data protection officer is Mr T. Aspden (see 'Contact us' below).

## Our legal basis for using this data

We only collect and use pupil, parent and carer personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with a legal obligation
- We need it to perform an official task in the public interest

Less commonly, we may also process pupil, parent and carer personal data in situations where:

- We have obtained consent to use it in a certain way
- We need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use pupil, parent and carer personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using personal data overlap, and there may be several grounds which justify our use of this data.

## Collecting this information

While the majority of information we collect about pupils, parents and carers is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

## How we store this data

We keep personal information about pupils while they are attending our school. We may also keep it beyond their attendance at our school if this is necessary in order to comply with our legal obligations. Our record retention schedule/records management policy is based on the [Information and Records Management Society's toolkit for schools](#) and sets out how long we keep information about pupils.

### **National Pupil Database**

We are required to provide information about pupils to the Department for Education as part of statutory data collections such as the school census.

Some of this information is then stored in the [National Pupil Database](#) (NPD), which is owned and managed by the Department and provides evidence on school performance to inform research.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools, local authorities and exam boards.

The Department for Education may share information from the NPD with other organisations which promote children’s education or wellbeing in England. Such organisations must agree to strict terms and conditions about how they will use the data.

For more information, see the Department’s webpage on [how it collects and shares research data](#).

You can also [contact the Department for Education](#) with any further questions about the NPD.
